NOTICE OF MINING INDIVIDUAL ARAP PERMIT DECISION

This serves as notice of the Division's decision on Aquatic Resource Alteration Permit or §401 Water Quality Certification applications issued under the provisions of Aquatic Resource Alteration Chapter 0400-40-07-.04(4)(a) for emergency situations. The actions authorized are limited to those necessary to remedy the emergency until a more detailed application and plan to restore the stream can be reviewed and authorized. Publication of this notice serves as commencement of the thirty-day period for appeal by third parties pursuant to TCA 69-3-105(i).
